ABOUT SALUS GLOBAL

Salus Global Corporation is a specialty consulting and implementation firm committed to transforming teams of experts into expert teams. Through programs like our flagship moreOB Program, Salus Global has worked with over 300 hospitals and 16,000 participants over the past 10+ years to help interprofessional healthcare teams improve quality of care and patient safety. The results include reductions in adverse events, reductions in costs, and improved teamwork and communications. Our vision is *to make Canada the best place in the world to give and receive healthcare.*

OVERVIEW

The Client Success Specialist is a key Change Management* member of the Client Success Team and significant contributor to Salus Global's vision *to make Canada the best place in the world to give and receive healthcare.*

The Client Success Specialist (CSS) partners with interprofessional healthcare teams in hospitals across Canada to strengthen the way they work together, thereby improving quality of care and patient safety. The CSS, working closely with senior members of the Client Success Team, helps drive change management strategies drawing on components of Salus Global's proprietary moreOB | EX programs to align with our clients' change visions and support their success. The CSS collaborates with client teams to implement change management strategies and plans to maximize participant engagement, extract full value from the programs, and anticipate and mitigate obstacles to the team's success. The Client Success Specialist helps drive improved adoption and higher utilization and proficiency with tailored change strategies to bring the greatest value to the client team and generate desired results.

**Change management is the function that prepares, equips and supports our client's day-to-day activities to successfully adopt change through the use of processes, tools, and mechanisms to drive success and outcomes.*
